CE PRIMARY SCHOOL

Work Together, Grow Together, Flourish Together

PTFA

**November
2022**

Hello! After a difficult few years of disrupted schooling and disjointed social contact we have been trying to find our feet and form a new PTFA. This school year has started well and we hope to have a lot more fun, get to know each other and put on more events in the New Year – look out for updates on planned **MOVIE NIGHTS!**

The DISCO was a great success! Over 70 children attended and everyone seemed to have fun. We feel that it worked well to have a higher entry fee with all snacks etc. included in the price. It also felt nice to have all the children there at the same time instead of 2 separate groups. Any feedback on this is welcome. We raised over £150 - some much needed funds for the PTFA to be able to plan something for Christmas.

SMARTIE CHALLENGE!

Your children will be bringing home a tube of smarties before the end of term. Please enjoy the smarties and then refill the tube with coins – any coins! Pennies from behind the sofa cushions, twenty pence from a neighbour, maybe even pounds from relatives on Christmas visits, every little helps! Please return your full tubes by Friday 13th January.

We will be selling refreshments during the evening performance of the KS1 nativity.

Kathryn has recently been appointed as Chair and we would love some new members, ideas and input. We are all very proud to be a part of Bridstow, such a lovely little school with a warm family feel.

CHRISTMAS CRAFTS AND CAKE

This year we are combining an old event with a new idea. The children will be making Christmas crafts and decorations in school to sell after school on Friday 9th December.

As well as the children's crafty offerings there will be refreshments, a raffle and more.

This is a community event and will be open to all school families as well as local residents.

Please invite your friends and family– everyone is welcome.
